QUALITY POLICY

NordiQ Group shall in each process of the business manufacture and deliver products that meet both internal and external customers' requirements and expectations for quality, service and price. Our aim is that every customer contact will lead to increased customer satisfaction and be a good reference for further business.

We achieve this by working according to the following principles:

- Zero-defects in all processes
- Continuous improvements
- Targets and monitoring
- Participation by all employees

Stefan Ottosson
CEO
NordiQ Group
